New Product Information

GOOD THINGS COME IN A SMALL PACKAGE

New 3/4-Gallon EZ Stor® Package

3/4- and 1-gallon EZ Stor

■ **Handy smaller size**

New 3/4-gallon size perfect for smaller product portions where cabinet storage space is at a premium. The rectangular shape fits even in the tightest areas.

■ **Gasketless seal for maximum product protection**

The gasketless seal is ideal for dry or liquid products and saves you the need for costly gasket materials.

■ **Convenient hinged cover**

The hinged cover provides easy access to the contents and incorporates a Ring Pull™ for even greater leverage when braking and removing the tamper-evident strip.

■ **Clear package lets your product sell itself**

Consumers prefer clear packages at point-of-purchase and for the numerous after market uses.

■ **Greater shelf impact**

Clear bodies can be tinted to maximize your shelf impact and draw greater interest. Tints can also reduce the appearance of any particles at the bottom and minimize the headspace after product settling.

■ **Differentiate your product**

Attractive, functional and unique, the EZ Stor provides a level of product differentiation not available with traditional packages.
