New Product Information

Multiply Your Value

New Sizes Added to Ropak's Exclusive EZ Stor[®] Line

■ MORE OPTIONS

with newly added 3.0, 3.5, 4.0 and 4.25-gallon sizes.

■ DIFFERENTIATE YOUR PRODUCT

with this value-added package, which is also a reusable storage container.

■ RAISED EZ CLEAN COVER

won't collect dust or moisture on the top. It's hinged and stays attached to the package to give EZ access to your product.

EZ Stor sizes shown are 3.0, 3.5, 4.0 and 4.25-gallon

Ideal Container

With its unique rectangular shape, the EZ Stor container draws your attention and the large graphic area effectively promotes your product. The EZ Stor is a shipping container, but it doesn't have to look like one! Stand out from your competitors with this value-added package.

Consumer Preferred

Designed from end-user input, the EZ Stor line is easy to handle with built-in hand grips and optional carrying handle. The cover stays permanently attached to the container. It's hinged for EZ access and snaps shut to protect the product inside. Great for products which are accessed frequently.

Great Value

Everyone benefits from the space-efficient shape. It cubes out a 40" x 48" pallet and reduces your freight cost. It displays more product at point of purchase than traditional round packaging. The space saving shape stores your product more conveniently around the home, office or business.

For more information on the new EZ Stor size options, contact your local Ropak Sales Representative
