FEATURES AND BENEFITS

FEATURES AND BENEFITS

FEATURE	BENEFIT(s)
<p>1 IML Decoration Maximizes Billboard Area For Maximum Store Shelf Presence</p>	<p>Draw attention to your brand and product with the state-of-the-art decoration technology that maximizes billboard area with wrap-around graphics on the container.</p>
<p>2 Permanent Photo-Quality Graphics</p>	<p>Clear, sharp photo-quality graphics (up to 8-colors) that are permanent and will give a lasting brand impression to the end user.</p>
<p>3 Film Seal Capable Container</p>	<p>Container is designed to accept a film seal for greater freshness and tamper-evidence.</p>
<p>4 Less Handling of Containers For Greater Hygiene</p>	<p>In IML decoration, a film label is added to the plastic container during the injection molding process so that the label becomes part of the container. Since the containers are molded and decorated in one step, there is less handling of the containers which results in greater hygiene.</p>
<p>5 Snap On Lid With Decoration</p>	<p>Lid can easily be peeled off and snapped back on. The recessed lid for both sizes can accept a decorated cardboard insert. For the 2-L size, there is an additional flat lid available that can be offset printed in up to 6-colors.</p>
<p>6 Suitable For Frozen Applications</p>	<p>Package can also be used to store items in frozen conditions.</p>
<p>7 Made With FDA Approved Resins</p>	<p>Package will meet stringent guidelines in storing food as well as non-food applications.</p>
