New 4-Liter Square Package

NOW AVAILABLE

Introducing our new lightweight 4-liter square package specifically designed for ice cream or other frozen products. The lightweight economical package design could also be used for a variety of products needing the popular 4-liter volume and square shape.

EZ ACCESS... The package is designed with an easy access peel-off cover. You can open and reseal it as many times as needed.

SECURE CONTENTS... To protect the contents, the body has a corner tamper-evident break tab pull ring feature. Simply break the tab and remove. The tamper-evident pull ring easily breaks away for access to the contents. Once removed, you can easily access the contents in the package.

VERSATILE SHAPE... The square space-efficient shape fits most freezers. The package can be displayed stacked in the bottom of the case or stacked on their side at eye level.

MERCHANDISING IMPACT... For merchandising, the slightly recessed cover can be decorated with up to 6-color offset printing.

WITHSTAND THE ELEMENTS... To withstand cold temperature, the package is made from special High-Density Polyethylene designed to endure cold temperatures.

For more information or a sample, please contact your local Ropak Sales Representative or call us at (800) 367-3779.
